MOTION PICTURES

The Motion Picture Service, Office of Information, U. S. Department of Agriculture, produces and distributes motion pictures on subjects with which the Department is concerned. They are both sound and silent and are released in 16-mm. and 35-mm. widths. Films in the 16-mm. size are available from State film libraries; 35-mm. films are available only from Motion Picture Service. They are lent for educational purposes to groups and organizations or may be purchased outright. Prints of Department films may be obtained from 73 cooperating film libraries in the 48 States, the District of Columbia, and the Territories of Alaska, Hawaii, and Puerto Rico.

YOUR MEAT INSPECTION SERVICE. 16-mm., sound, color; running time, 27½ minutes. Released 1956. Graphically tells the story of those who guard the wholesomeness of our nation's meat supply—the Federal meat inspectors. Shows their watchfulness over sanitary conditions in stockyards and processing plants, examination of live animals and carcasses, and testing of meat products in laboratories for healthfulness so that the American consumer can have full assurance that meat with the "stamp of approval" is a quality product. The film instills a new understanding of the value of the famous symbol—the small, round, purple stamp that says and means "U. S. Inspected and Passed." TV use permitted. (Available for loan from all cooperating film libraries; for sale from United World Films, Inc., 1445 Park Avenue, New York 29, N. Y., \$131.50.)
